Pedro Lamounier Sampaio

has successfully completed the online Professional Certificate

Johns Hopkins Medical Office Manager

The Johns Hopkins Medical Office Manager Professional Certificate is designed to provide aspiring and current medical office managers with the necessary knowledge and skills to effectively manage and lead healthcare practices. This comprehensive program consists of six courses, each four weeks in duration, covering essential topics such as ambulatory healthcare management, human resources, quality and safety, healthcare delivery, data and EHRs, and revenue cycle billing and coding. Upon completion of this program, learners will be equipped with the expertise required to navigate the unique challenges and complexities of managing a medical practice.
