Pedro Lamounier Sampaio

has successfully completed the online Specialization

Epidemiology in Public Health Practice

In this specialization, participants learned to discuss and use the epidemiologic toolset to measure the health of populations, assess interventions, collect and analyze public health surveillance data, and investigate disease outbreaks.

Keri Althoff, PhD

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
