

Mischarge of “Professional Certificate” of a Coursera Plus regular subscriber

Open Case #06393611

Activity	Details
----------	---------

Description

As demonstrated by the receipts annexed to this message, Coursera has charged me wrongfully, debiting a relevant amount regarding my Johns Hopkins Medical Office Manager professional certificate, whilst I have been duly subscribed to Coursera Plus for over 3 months now. I got no receipt delivered to my email not notice of a surprise extra cost with the before mentioned program.

Respectfully, I demand and expect a restitution of the correspondente amount illegally charged. I sincerely hope not to be obliged to use my legal prosecution prerogatives in order to see the overcharge corrected and my economias returned.
