Essentials of Palliative Care

Symptom Management in Palliative Care

Transitions in Care from Survivorship to Hospice

Supporting Families and Caregivers

Palliative Care Always Capstone Course

Stanford
ONLINE

Aug 30, 2026

Pedro Lamounier Sampaio

has successfully completed the online Specialization

Palliative Care Always

Palliative Care Always is a specialization for health care practitioners, patients and caregivers. We've designed this specialization to demonstrate how palliative medicine integrates with patient care, and to help you develop primary palliative care skills. Over the next five courses, you will develop skills in symptom management, goals of care and effective communication to improve the quality of life for patients and families suffering with serious illness. Our hope is that you feel increasingly equipped to support the diverse needs of your patients and your own needs.

Kavitha Ramchandran
MD, Clinical Associate
Professor, Stanford
Medicine

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
